## Course Condition

The course is finally starting to dry out and we have started cutting the fairways and rough. Please be careful and be sure to drive around the wet spots and stay on the cart paths when the signs are out. Always use good judgment to protect the course from damage. Stay a reasonable distance from the greens and replace your divots when it can be done. If you are able to take sand with you and sand your divots, it will be greatly appreciated. Most of all, have fun!
