## Course Update

We have had a lot of rain recently and the course has been unusable at times. We need members to be very careful to stay on the cart paths when the course is playable, until it has a chance to dry out. Even when the 90 degree rule is in effect, please take special care to stay well back of the greens to protect the turf in those areas.

## Golf Carts

The Board of Directors has made the decision to purchase new golf carts for the club. The board also decided to sell our old carts, instead of trading them in. Approximately 15 carts have already been sold, so we are having to delay selling the remaining carts until we have new ones in place. However, if you would like one of the remaining carts, you can contact Wayne Box and negotiate a price for a cart and make arrangements for a deposit to hold the cart for you so that you can pay the balance owed and take possession of the cart when the new ones arrive. The new ones will probably arrive in March.

## Membership Report

We have a new member of the club. Steven White joined the club during December. Please welcome Steven to our Club!

If any of you know any prospective members, or people who were previously members of the club who might be interested in joining, please encourage them to contact Jim in the Pro Shop at 328-3879.

You can tell them we will have new carts in the spring!

## Hole in One!

William "Scott" Beatty had a hole in one on hole number 15. It was witnessed by Arl Taylor and other members of the noon group. Hole number 15 is a 164 yard par three from the white tees. Be sure to congratulate Scott on his accomplishment if you see him!
